TUESDAY MORNING, : : : : MAY 17, 1870

### JUDICIAL NOMINATIONS.

First Chancery Court Judge ..... R. J. MORGAN. Second Chancery Court Judge E. M. YEEGER. Pirst Cercuit Court Judge ..... C. W. HEISKELL. Second Circuit Court Judge\_IRVING HALSEY.

the members were to be larry investigated, we doubt whether legislation in public matters could proceed for than the freight and charges from foreign the Supreme Court comes on, is likely Our Prices Always Under the next forty years. Howard and Bullock will both be whitewashed, a few facts for Mr. Maynard's considera Our election has been already notified however, there is no great doubt. The fact that the Radical press is manu. facturing public sentiment for acquitable, and boasting that nothing has tal, and boasting that nothing has a constant of the country of the of them, shows that plain enough. They do not mean by a fair trial, a trial in which the State shall have a fair chance to convict, as well as the accused of the state shall have a fair chance to convict, as well as the accused shall have a fair chance to convict, as well as the accused without further legislation on the subject, we suppose. a fair chance to escape, when any Radicals are on trial; and there are solutions are of Great Britain.

4. With coal, the iron ore, the lime, the state of Great Britain. too many implicated with these par-ties to render punishment possible, let the committees, a majority of which are friends of the accused, investigate and report as they may. It is well such a favorable combination of manufacthat the public judgment, if no more, will depend on the facts of the cases rather than on the reports of the committee or the estion of an implicated of the control of the control of the control of the control of the estion of an implicated of the control of t

of Commerce shows that in Howard's case it has been proved that the Howard University was started as a private enterprise, independent of the Bureau; that Howard, bought 150 acres at \$1000 per acre, with funds of the Bureau, that the property was deeded to the Bureau trustees; that it was afterward divided into lots and control of the Bureau trustees; that it was afterward divided into lots and control of the Bureau trustees; that it was afterward divided into lots and control of the Bureau trustees; that it was afterward divided into lots and control of the Sureau trustees; that it was afterward divided into lots and control of the Sureau trustees; that it was afterward divided into lots and control of the Sureau trustees; that it was afterward divided into lots and control of the Sureau trustees; that it was afterward divided into lots and control of the Sureau trustees; that it was afterward divided into lots and in Tenessee for less than the coat of the reality of either the little or big rocks spoken of in connection with the State. But the there is a Little Rock geographers have undeniably established, and that the Big Rock is not a delusion and a snare your correspondent will faither the smallest under consideration from Pittsburg to Nashville, and for very much less than it would cost to freight English iron from Less than it would cost to freight English iron from Less than it would cost to freight English iron from Less than it would cost to freight English iron from Less than it would cost to freight English iron from Less than it would cost to freight English iron from Less than it would cost to freight English iron from Less than it would cost to freight English iron from Less than it would cost to freight English iron from Less than it would cost to freight English iron from Less than it would cost to freight English iron from Less than it would cost to freight English iron from Less than it would cost to freight English iron from Less than it would cost to freight English iron from Less than it w was afterward divided into lots, and minimum estimate, \$4000, and that others of the Bureau received similar iots. It also appears that the First Congregational Church of Washington received \$33,500 Bureau funds in exchange for its own bonds at par; that \$10,000 of the church bonds was sent to Richmond as cash to help the Normal school and \$1900 to Nashville to help the Fisk school. It further appears in proof that the contract for building the university and also the hospital for the Diction of the ceived similar in the second of the minimum estimate, \$4000, and that others of the Bureau received similar iots. It also appears that the latter will take care of them seives. Let that august body stop free trade, in the use of bowie knives and received. It is that sugust body stop free trade, in the use of bowie knives and received. The latter will take care of them seives. that "one most important and valuable lesson to be learned from the war is the impolicy of relying upon imports to supply articles of prime necessity which we can produce ourselves, even at a disadvantage and a higher cost." To this Mr. Duncan Stewart, a business man of Detroit, who, though misled as to our social condition, has a clear head for facts and the tariff question, has replied through the Tribune, of that city. He says the South has made great progress in the mechanic arts during the war, and still greater since. We subjoin the following extract:

Old and abandoned works have been resumed and carried on a process.

Whole and usew it it possible. The Constitutionalist says:

The proposition of the Democrats in this provision shall be finally inserted in the bill, and become a law, the anomaly would be presented of subjecting such officers to courts-martial for offenses committed in their civil capacities. This is a prelude to subject Mean Pope, we sighed for a change and got Meade. When Meade proved more intolerable than Pope we deemed that any change would be for the better. But Terry appeared and made the memory of his predecessors almost lambent with light. And now Aaron Alpsoria Bradley bility is, however, that such provision would not receive the sanction of either House.

DRY GOODS. any choice at all between them. Bather than take the risk and responsibility, it would be better to bear patiently what would be better to bear patiently what-ever superior power might impose. But, for Heaven's sake, let us not repeat the old folly of assuming all the responsibili-ty. When caught in the trap, we shall aurely get laughed at for our pains and derisively told that we are the authors of
